2017 

- **2139** Members
- 128% increase in forum
- 350+ participants

Theme & Format

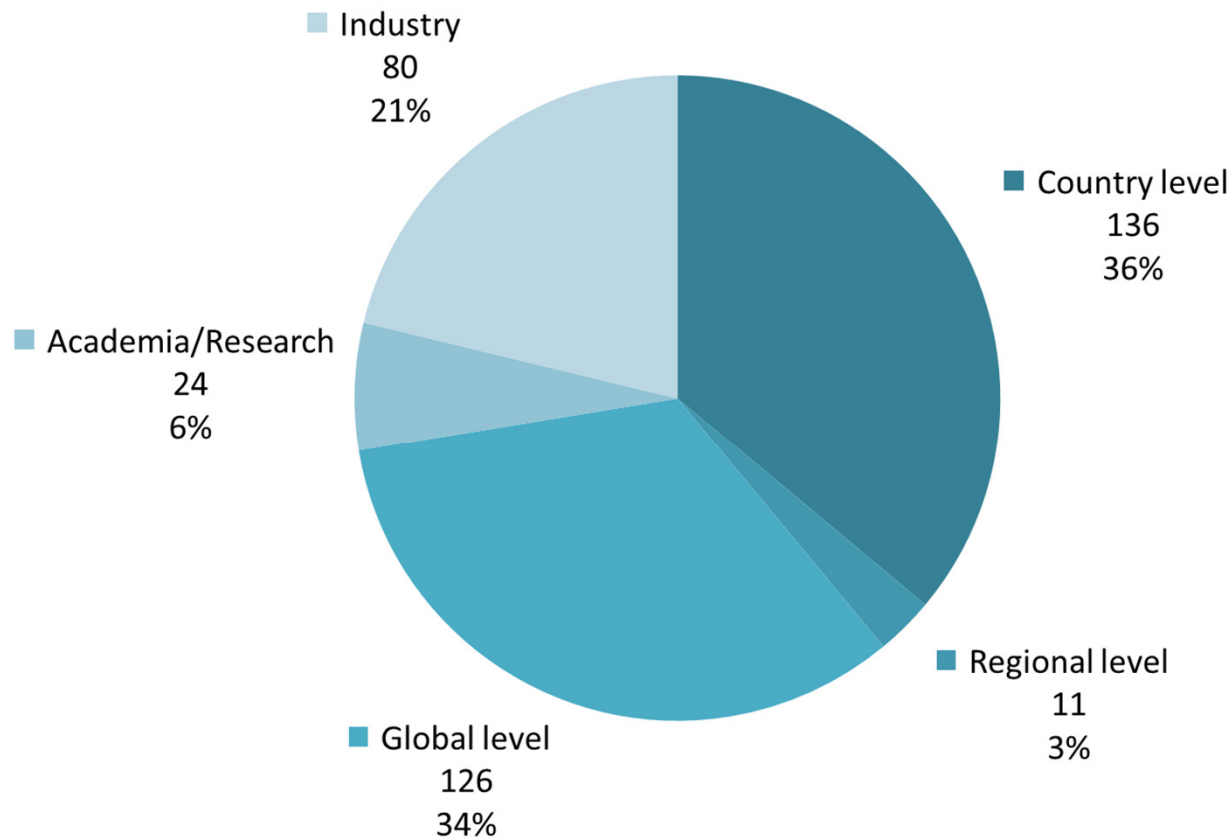

- Continuation of the theme from the 14th TechNet Conference
- Next Generation of Immunization Supply Chains to reach 3 supply chain objectives: **Availability** + **Potency** + **Efficiency**
- Discuss **Enablers** and collaborative actions for change
- Daily focus:
 1. Setting the stage
 2. Challenges, Successes, & Lessons learned
 3. Innovation and game changing solutions
 4. Getting practical
 5. Collective action for the future

15th TechNet Conference

x350 participants to attend the 15th TechNet Conference

Perspectives represented

- 350 participants
- 65 Ministries of Health
- 40 developing countries
- 45 partners represented
- 38 companies represented

Theme & Format

- **Less time in plenary – more time in interactive sessions**
 - Not a passive conference for participants
- **As the week progresses, technical discussion will give way to:**
 - How can we collectively enable change?
 - What actions to prioritize for the next few years?
 - How can we leverage this community for change after Portugal?
- **Side events being organized**
 - Manufacturers Marketplace
 - Innovations Café
 - Project Gallery
 - Many others
